

Open: daily at 9am
(Except December 25th and on certain launch days)

Closing: hours vary by season.

Free: parking (cars, RVs...), kennel service

Each year, two million guests from around the world experience their very own space adventure by exploring the exciting past, present and future of America's space program Kennedy Space Center Visitor Complex. Built in 1967 as a means for NASA Astronauts' and employees' families to view space center operations, today the Visitor Complex is one of Central Florida's most popular tourist destination.

JUST 45 MINUTES EAST FROM ORLANDO!

Kennedy Space Center Admission

This day at Kennedy Space Center Visitor Complex includes the KSC Tour of NASA's Launch Headquarters, both IMAX films, all shows and exhibits and a visit to the Astronaut Hall of Fame. The tour includes stops at the four story LC-39 observation gantry where guests get a bird's eye view of the space shuttle launch pads and parts of the world's busiest space launch facility. The second tour stop is the acclaimed

Apollo/Saturn V Center, where guests walk beneath a massive Saturn V rocket, relive Neil Armstrong's first steps on the moon and experience the thunderous rumble of a Saturn V moon rocket lift off. Later, guests can take a trip to the International Space Station Center where they'll see real parts of the space station being readied for Launch!

Their day continues with IMAX® movie screenings of the new "Magnificent Desolation" where they explore the moon in full 3-D, and "Space Station 3-D," which takes them on a virtual trip to the International Space Station in a fully immersive big-screen environment. Guests also enjoy the many other shows and exhibits at the Visitor Complex including a chance to meet a real astronaut at the Astronaut Encounter Show and enjoy the zany live-action show "Mad Mission to Mars 2025."

The day is topped off with a visit to the Astronaut Hall of Fame, located at the entrance to Kennedy Space Center and a short 5 minute drive from the Visitor Complex. This attraction features the world's largest collection of personal astronaut mementos, plus historic spacecraft, one-of-a-kind space legacies and hands on activities. Guests can sit in a mission control console, take a virtual moonwalk, feel the pull of 4 Gs in the G-Force Simulator and land the Space Shuttle.

Opening in May of 2007 and included with admission is the new Shuttle Launch Experience, the most realistic Space Shuttle launch simulation ever created. Developed with the help of NASA Astronauts, the major new attraction is sure to take your vacation to a whole new level as you strap in for the ride of your life. Finally, your chance to be an Astronaut! This ticket allows your guests to do everything in one day or break up their KSC experience over two days. (Second day free valid within seven days after first visit) Tickets available at Victory Travel: \$34.00 for Adults and \$24.75 for children.

Prices are subject to change without notice.
